

Casual Startup Acknowledgment Message

Subject: Thanks for the ride! 🙌

Hey [Employee Name],

Got your resignation message - wow, what a journey it's been since you joined us at [startup name]!

I remember when you were employee number [number] and we were all working out of [location].

You've been through [major milestones] with us, and honestly, the company wouldn't be where it is today without your hustle and creativity.

I totally get why you're moving on - [reason if appropriate] sounds like an amazing opportunity, and you deserve every bit of success coming your way.

Let's grab coffee this week to talk about the handover and make sure we're not leaving any loose ends. Also, seriously, don't be a stranger. You've got family here, and we want to hear about all your future adventures.

Keep being awesome!

[Founder/Manager Name]

P.S. - The team wants to throw you a proper send-off. Pizza and beers on us this Friday?
