

Seasonal Agricultural Worker Position - Informal

Subject: Interested in Harvest Season Work

Hi there,

I saw your posting for seasonal workers for the upcoming harvest and wanted to reach out. I'm available and ready to work hard!

I worked last season at Maple Ridge Orchard doing apple picking and packing, and I really enjoyed the work despite the early mornings and long days. My supervisor there can confirm that I was reliable, showed up on time every day, and consistently met picking quotas. I'm comfortable on ladders, can lift heavy loads, and don't mind repetitive tasks.

I'm physically fit, have my own transportation, and can commit to the full season from August through October. I'm also flexible with hours and willing to work weekends and overtime when needed. I understand this is demanding work, but I'm used to being on my feet all day and working outdoors.

I'm a fast learner and follow safety procedures carefully. I get along well with coworkers and supervisors, and I take pride in doing quality work even when the job is tough.

If you need someone dependable who will give 100% effort every day, I'm your person. I can start immediately and would love to be part of your harvest team.

Let me know if you'd like to meet or need any other information. Thanks for considering me!

Best,

[Your Name]
