Subject: The vacation that didn't want to end (but I'm back now!)

Hi [Team/Manager],

Well, it seems my vacation had other plans! I was supposed to be back yesterday, but between a missed connection and what can only be described as a comedy of travel errors, I'm just getting back to my desk now.

I promise I wasn't trying to extend my time off - sometimes the travel gods just have a different schedule in mind. I'm back, refreshed (despite the travel chaos), and ready to dive back into everything.

If anyone was waiting on anything from me, I'm catching up on emails now and will respond to everything by end of day. Thanks for your patience with my unplanned travel adventure!

Ready to get back to work (and stay put for a while),
