

Formal and Global Internship Motivation

Subject: Application for International Architecture Internship

Dear [Program Coordinator's Name],

I am writing to apply for the Architecture Internship Abroad program offered by [Organization/Institute Name]. As an architecture student deeply passionate about cross-cultural design approaches, I am eager to gain international exposure that broadens my creative and technical perspectives.

My previous experience includes collaborative university projects and volunteer work on sustainable housing. These experiences strengthened my adaptability and communication skills, which I believe will help me thrive in a multicultural work environment.

I am confident that participating in this program will enhance my understanding of global architectural practices and help me grow as a designer capable of integrating cultural diversity into my work.

Thank you for your consideration.

Sincerely,

[Your Name]
