

Architecture Internship Cover Letter

Subject: Internship Application – Architecture Department

Dear [Hiring Manager's Name],

I am writing to apply for the Architectural Internship at [Company Name]. As a third-year architecture student at [University Name], I'm eager to gain professional experience that complements my academic studies.

Through my coursework, I've developed strong skills in conceptual design, model-making, and digital drafting. My recent university project focused on urban space revitalization, where I explored sustainable design principles – a focus I know your firm values highly.

I would greatly appreciate the chance to learn from your experienced team and contribute to meaningful projects. Thank you for your consideration.

Sincerely,

[Your Name]
