

Casual Authorization for Spouse Loan Matters

Subject: Quick Authorization for My Spouse

Hi there,

Just wanted to let you know that my spouse, [Spouse's Name], has my full permission to handle anything related to our loan account [Account Number]. They might call or visit to ask questions, make payments, or get updates.

Please treat them like you would treat me - they know all our financial details and can make decisions about the loan. This covers everything from getting balance info to discussing refinancing options.

If you need anything in writing or have questions, feel free to reach out to me directly at [Phone Number] or [Email].

Thanks for making this easy for us!

Best,

[Your Name]
