

Casual Credit Limit Enhancement Request

Subject: Request for Credit Card Limit Enhancement

Hi there,

Hope you're doing well! I'm reaching out regarding my credit card (Card Number: XXXX-XXXX-XXXX-[Last 4 digits]) and would love to discuss increasing my credit limit.

I've been a loyal customer for over three years now, and my financial situation has improved significantly since I first got the card. I recently received a promotion with a 40% salary increase, and I'm planning some major purchases for home renovation.

My current limit of \$5,000 feels a bit restrictive now, and I was hoping we could bump it up to around \$10,000. I've never missed a payment, always pay more than the minimum, and my credit score has improved to 750 according to my last report.

I'd be happy to provide updated income documents or any other paperwork you might need. I'm also available to come in for a quick chat if that would be easier than handling this through email.

Let me know what you think and what the next steps would be. I really appreciate all the great service you've provided over the years!

Thanks a bunch,

[Your Name]
