

Heartfelt Parental Access Authorization

Subject: Parental Authorization for Student Account Access

Dear Bank Manager,

As a parent sending my child off to college, I'm writing with a heavy heart but necessary purpose to authorize access to my son's student account during his studies abroad.

My son [Student Name] is pursuing his engineering degree overseas, and due to the time zone differences and his busy academic schedule, I need to help manage his financial needs. As his father and financial supporter, I want to ensure he never faces financial difficulties while focusing on his education.

I am requesting authorization to: monitor account balances, transfer funds for tuition and living expenses, pay bills on his behalf, and receive account statements. This will help me support him better while he's thousands of miles away from home.

I've included a signed letter from my son consenting to this arrangement, along with copies of both our identification documents. He will retain his own access to the account, but this will provide an additional layer of financial security for our family.

Please understand that this comes from a place of love and concern for my child's wellbeing. I want to ensure he has everything he needs to succeed in his studies without worrying about financial matters.

I would greatly appreciate your assistance in setting up this arrangement. If you need to speak with my son directly, he can be reached at [Son's International Phone Number].

With gratitude,

[Parent Signature]
