

Sad and Emotional Break Up Letter

Subject: With a Heavy Heart

Dear [Partner's Name],

It is with a heavy heart that I write this letter. Despite the love and connection we shared, I feel it's necessary to end our relationship for our mutual well-being.

Please know that this decision does not diminish the affection I have for you or the memories we created. I hope time will bring healing and peace to both of us.

Sincerely,

[Your Name]
