

Bursary Application for Vulnerable Student

Subject: Application for Bursary Support

Dear Bursary Committee,

I am writing to apply for the bursary program as an orphaned student currently pursuing my studies at [Institution Name]. I have been under the care of relatives who have limited financial means, and it has been difficult to manage tuition and basic educational expenses.

Despite these challenges, I have maintained good academic results and actively participate in school activities. This bursary would help me cover my tuition fees, books, and daily living costs, allowing me to focus on my studies and future goals.

I sincerely request your kind consideration of my application.

Yours faithfully,

[Your Name]
