

Bursary Application with Community Involvement

Subject: Application for Bursary with Community Service Background

Dear Bursary Committee,

I am honored to apply for the bursary program offered by your organization. As a student of [Institution Name] studying [Program Name], I have consistently balanced academic excellence with active participation in community service projects such as [list examples].

Financial challenges, however, limit my ability to fully pursue my studies. Receiving this bursary would help me achieve my educational goals while continuing to serve my community through volunteer work and leadership roles.

I kindly request your favorable consideration.

Warm regards,

[Your Name]
