Subject: Internship Application – Ready to Bring Coffee and Ideas!

Hi [Hiring Manager's Name],

Let's be honest—internships are about learning, contributing, and sometimes fetching the occasional coffee. I promise I'm great at all three! More importantly, I bring strong analytical skills, a solid academic background in [business/finance/etc.], and an eagerness to tackle real-world challenges.

At [University Name], I have been actively involved in [clubs/projects] where I honed teamwork, leadership, and problem-solving skills. I believe these experiences make me a strong candidate for the Business Internship at [Company Name].

I'd love to bring both my energy and humor to your workplace. Thank you for considering my application.

Best,

[Your Name]
