

# Emotional School Bus Driver Farewell Letter

Subject: A Heavy Heart - Resignation from Bus Route

Dear [Transportation Director],

It is with a heavy heart that I submit my resignation as a school bus driver for [School District]. My last day will be [Date].

For [number] years, I have had the privilege of safely transporting our community's most precious cargo - the children. Watching them grow, sharing in their excitement about school events, and being a small part of their daily routine has been incredibly rewarding.

The decision to leave is purely personal, as my spouse's job requires us to relocate. Leaving behind "my kids" and the wonderful relationships I've built with families is truly difficult.

I want to ensure my route receives proper attention during the transition. I have detailed notes about each stop, special needs considerations, and behavioral observations that might help my replacement provide the same level of care these children deserve.

Thank you for allowing me to be part of this special community. Please give my regards to all the families on Route [Number].

With warm wishes,

[Your Name]

"Mrs./Mr. [Last Name]" to the kids
