

Complaint About Weak Water Flow

Subject: Low Water Pressure Issue in [Your Area]

Dear Sir/Madam,

I am writing to raise a concern regarding the low water pressure in our household for the past month. Despite regular supply hours, the flow is so weak that it is impossible to fill storage tanks or perform basic chores efficiently.

Please arrange for an inspection of the pipelines in our area to identify any blockages or leaks that might be causing this issue. I trust your department will take necessary measures to restore normal water pressure soon.

Thank you for your cooperation.

Yours faithfully,
