

Heartfelt / Personal Constructive Dismissal Letter

Dear [Manager's Name],

It is with deep regret that I tender my resignation from [Company Name] due to circumstances that have made my continued employment impossible. Despite my dedication and loyalty, the changes in my role and working conditions have forced me into a position where I cannot continue without compromising my principles.

I hope the company will understand the seriousness of these concerns and address them for the well-being of other employees.

Thank you for the opportunities I have had.

Sincerely,

[Your Name]
