

Friendly referral email between colleagues

Subject: Patient Referral " [Patient's First Name]

Hi [Colleague's First Name],

I hope you're doing well. I'm reaching out to refer a patient, [Patient's Full Name], who I think would benefit from your expertise in [specific area, e.g., endodontics, orthodontics].

They've been under my care for routine treatments, but now require advanced evaluation.

I've attached their X-rays and notes for your convenience. The patient is aware and willing to proceed with the referral.

Thanks for taking this on! Let me know if you need anything further.

Best,

[Your Name]
