

Referral for preventive dental hygiene care

Subject: Referral for Dental Hygiene Services

Dear [Hygienist's Name],

I am referring [Patient's Name] for professional hygiene treatment. The patient requires scaling, polishing, and preventive care to manage [condition: e.g., early gum disease, plaque buildup, or tartar control].

This referral is intended to ensure continuity of care and help maintain the patient's oral health.

Please update me with your findings after the session.

Thank you for your support in patient care.

Sincerely,

[Your Name]
