Serious letter about bullying behavior

Subject: Immediate Attention Required Regarding Bullying

Dear Parents,

It has been reported that your child has been involved in bullying behavior towards peers. This behavior is concerning and goes against the values of respect and empathy we uphold at our school.

We request a meeting with you at the earliest convenience to discuss ways to support your child in understanding the impact of their actions and preventing future incidents. We are committed to working with your family to ensure a safe environment for all students.

Sincerely,

[Counselor/Principal Name]

[School Name]
