

Creative Environmental Internship Application Letter

Subject: Internship Application "Eager to Create a Greener Future!"

Dear [Hiring Manager's Name],

I'm excited to apply for the Environmental Intern position at [Organization Name]. As a university student studying Environmental Engineering, I'm passionate about sustainability and the technology driving it forward.

Last semester, I participated in a research project analyzing plastic waste reduction in coastal areas, where I gained hands-on experience in field sampling and report preparation. I'm eager to apply that knowledge in a real-world setting and contribute to your mission of protecting natural resources. I would love the opportunity to discuss how I can add value to your projects. Thank you for your time and consideration.

Best regards,

[Your Name]
