

Parental Letter Inquiry About College

Subject: Inquiry Regarding Undergraduate Admissions for My Child

Dear Admissions Officer,

I am writing as a parent whose child is very enthusiastic about applying to your college. We are eager to understand more about your institution, particularly regarding the undergraduate programs in Engineering.

Could you please provide information about your admissions criteria, tuition fees, and scholarship opportunities? We are also interested in knowing about student support services, such as counseling and academic advising.

Our family deeply values education, and we want to ensure our child finds the right environment for growth and success. Thank you for your guidance and time.

Respectfully,

[Parent's Name]
