

Casual Feedback Email After a Workshop

Subject: Great Session – Some Thoughts!

Hi [Trainer's Name],

I just wanted to drop you a quick note to say thanks for the awesome workshop on [Topic] last week!

It was super engaging, and I loved how interactive the group activities were. You made what could have been a dry topic really enjoyable.

I think the only thing I'd suggest is maybe adding a short Q&A at the end for open discussions – a few of us had questions we didn't get to ask. Otherwise, everything was spot-on.

Thanks again for your time and energy. Really looking forward to more sessions like this!

Best,

[Your Name]
