

Conditional Fellowship Provisional Acceptance

Dear [Fellowship Director],

I am writing to accept the [Fellowship Name] contingent upon the resolution of [Specific Condition/Requirement]. I am extremely interested in this opportunity and committed to meeting all necessary conditions for full acceptance.

I understand that my fellowship is conditional upon [Specific Requirements - e.g., degree completion, visa approval, funding confirmation], and I am actively working to satisfy these requirements by [Target Date]. I will provide regular updates on my progress and expect to have all conditions resolved well before the fellowship start date.

In the interim, I would appreciate guidance on any preparatory work I can begin, such as literature reviews, skill development, or administrative preparations. I want to ensure a smooth transition once all conditions are met.

I am confident in my ability to meet these requirements and am fully committed to this fellowship opportunity. Please let me know if you need additional documentation or clarification regarding my conditional status.

I look forward to your confirmation and to beginning this exciting opportunity once conditions are satisfied.

Respectfully,

[Your Name]

[Current Status/Position]

[Expected Completion Date of Requirements]
