

Formal Message for Major Medical Procedure

Dear [Friend's Name],

I learned about your upcoming surgery through [mutual friend/family member], and I wanted to reach out to express my support and concern for you during this challenging time.

While we may not speak as frequently as we once did, please know that our friendship remains important to me, and you are very much in my thoughts. I understand that major surgery can be both physically and emotionally overwhelming, and I want you to know that you have my complete support.

I have great confidence in your medical team and in your own strength to overcome this obstacle. Your determination and positive spirit have always been among your greatest qualities, and I know they will serve you well now.

Please give my regards to your family, and know that I am keeping you in my prayers for a successful procedure and smooth recovery.

With warm wishes and heartfelt support,

[Your Name]
