

Military Service Goodwill Letter

Dear Credit Reporting Manager,

I am writing to request goodwill adjustment of my credit report regarding account [Account Number] based on my military service obligations.

During my deployment from [Start Date] to [End Date], I experienced difficulties managing my financial obligations due to limited communication access and complications with military pay processing. This resulted in late payments that have been reported to credit bureaus.

As an active duty service member, I am protected under the Servicemembers Civil Relief Act (SCRA), and while I understand your reporting practices, I am requesting goodwill consideration for removal of these negative marks in recognition of my service to our country.

I have attached copies of my military orders and deployment documentation for your review. Upon my return, I immediately brought the account current and have maintained excellent payment history since.

I respectfully request your consideration of this matter and look forward to your response.

Very respectfully,

[Your Name]

[Military Rank]

[Service Number]
