

Quick Message for Medical Volunteer Opportunity

Subject: Inquiry About Medical Volunteer Opportunities

Hello [Coordinator's Name],

I came across your organization's community health outreach program and would love to offer my time as a medical volunteer. I am a licensed nurse with three years of experience and a strong desire to support underserved communities.

Please let me know if there are upcoming events or roles where I can assist. I am flexible with timing and can start immediately.

Thank you,

[Your Name]
