

General Hospital Referral Letter

Subject: Referral for Further Medical Evaluation

Dear Dr. [Recipient's Name],

I am referring my patient, [Patient Name], who has been under my care for [Condition/Reason].

Despite our ongoing management, the patient requires specialized evaluation and treatment that can be provided at your facility.

Attached are the patient's medical records, recent lab results, and imaging reports. I kindly request your assessment and recommendations for further management.

Thank you for your attention to this matter.

Sincerely,

[Your Name]
