

## Preliminary Referral Letter

Subject: Preliminary Referral for Evaluation

Dear Dr. [Recipient's Name],

This letter serves as a preliminary referral for my patient, [Patient Name], who requires evaluation for [condition or symptom]. We have initiated basic investigations and management but believe specialized input is necessary.

Attached are initial test results and patient history. Please advise on further investigations or treatment plans.

Thank you in advance for your guidance.

Kind regards,

[Your Name]

[Your Position]
