

## Casual email applying for insurance sales consultant role

Subject: Interested in the Insurance Sales Consultant Role

Hi [Hiring Manager's Name],

I came across your opening for an Insurance Sales Consultant and couldn't resist reaching out.

I've spent the past few years in customer service and sales roles, and I've discovered that helping people find the right insurance plans is something I genuinely enjoy.

I'm confident I can bring in new clients while keeping existing ones happy. I'd love to chat more about how I can fit into your team. Would you have time this week for a short call?

Thanks so much,

[Your Name]
