

Creative Startup Internship Offer Template

Subject: Join Our Startup Journey - Internship Offer Inside! 🚀💡

Hey [Name]!

We were blown away by your energy and ideas during our chat! We'd love to have you join our scrappy little startup as our new [Internship Role].

Here's the deal:

- We're offering you [Duration] of hands-on experience in a fast-paced environment
- You'll wear multiple hats and get exposure to everything from [specific areas]
- Compensation: \$[Amount] plus equity options (yes, really!)
- Flexible schedule - we care about results, not hours
- Free snacks, coffee, and the occasional pizza party

You'll be working directly with our founders and getting real responsibility from day one. No coffee runs or filing - you'll be contributing to actual products that thousands of people use.

Fair warning: It's going to be intense, occasionally chaotic, and definitely not your typical corporate internship. But if you're up for the challenge, you'll learn more in [duration] than most people learn in years.

Sound exciting? Hit reply by [Date] and let's make this happen!

Cheers,
