

Academic Research Interview Request

Subject: Interview Request - Research Position Application

Dear Professor [Name]/Dear Search Committee,

I am writing to request an interview for the [Research Position Title] position advertised through [Source]. As a [current academic status] with extensive research experience in [field/specialization], I am eager to contribute to your ongoing research in [specific research area].

My dissertation work on [dissertation topic] and my published research in [relevant journals/conferences] demonstrate my commitment to advancing knowledge in [field]. I am particularly drawn to your team's work on [specific project/research area] and believe my methodology expertise in [specific methods/techniques] would complement your current research objectives.

I would welcome the opportunity to discuss my research trajectory, potential collaborations, and how I might contribute to your department's scholarly mission. I am available for interviews via video conference or in-person visits, depending on your preference and current protocols.

Please find my CV, research statement, and references attached for your review. Thank you for your consideration, and I look forward to hearing from you.

Sincerely,

[Your Full Name]

[Your Current Institution/Position]
