

Casual Email for Security Guard Position

Subject: Security Guard Availability for Contract

Hello [Hiring Manager Name],

I am reaching out to express my availability for the short-term security contract advertised on your website. I have three years of experience as a security officer in corporate and event settings, handling access control, incident reporting, and emergency response.

I am flexible with shifts and can start immediately. Attached is my resume for your review. I would be happy to discuss my qualifications in more detail over a quick call.

Looking forward to your response.

Best regards,

[Your Name]
