

Lighthearted leave request for family celebration

Subject: Leave Request for Surviving Family Function

Dear [Manager],

I need to request leave on [date] for a family function. It's one of those events where attendance is not optional—if I don't show up, I'll be disowned!

I promise to return the next day in one piece and with lots of family stories. Please grant me leave so I can keep the family peace (and my inheritance intact).

Best regards,

[Your Name]
