

Family Emergency Residence Verification

Subject: Residence confirmation for family member

Dear Organization,

I'm writing to confirm that my [relationship] [Name] lives with our family at [Address]. They've been staying here since [Date] while getting back on their feet, and this is definitely their home address right now.

I know how important it is to have proper documentation, especially during tough times. [Name] receives their mail here, has their belongings here, and this is where they sleep every night. We're happy to have them as part of our household for as long as they need.

If you need to verify this information or have any questions, please don't hesitate to call me. Family sticks together, and I'm glad to help however I can.

With warm regards,

[Family Member Name]

[Phone Number]

[Date]
