

Professional Photography Permission Request

Subject: Location Permission for Commercial Photo Shoot

Hi [Property Manager],

I'm a professional photographer working on a [project type] and your [location/building] would be absolutely perfect for our shoot!

Project Overview:

- Client: [Company/Publication name]
- Shoot date: [Date options]
- Crew size: [Number] people
- Equipment: [Camera gear, lighting, etc.]
- Duration: [Hours]
- Usage: [Commercial/Editorial/etc.]

We're fully insured and have extensive experience shooting in various locations. We always work efficiently and leave spaces exactly as we found them. Happy to provide our insurance certificate and previous client references.

The shoot would really benefit from your unique space, and we're willing to work around any restrictions you might have. We can also provide some complimentary photos of your facility if that would be of interest.

Would you be open to discussing this opportunity?

Best regards,

[Photographer Name]
