

Support message for wounded soldier

Dear [First Name],

Subject: Thinking of You During Your Recovery

I hope this message finds you in good spirits despite the circumstances. The entire unit has been thinking about you since we heard about your injuries sustained during the operation in [location]. Your courage under fire and dedication to the mission exemplify everything we stand for as soldiers. I want you to know that your sacrifice has not gone unnoticed. The way you protected your squad members and completed the objective despite being wounded shows the heart of a true warrior. Every soldier in our unit looks up to you, and we're all pulling for your complete recovery. The team here is holding down the fort, but it's not the same without your leadership and that terrible sense of humor that somehow keeps everyone's spirits up during the toughest times. [Specific memory or joke]. We're all looking forward to having you back when you're ready. Focus on your recovery and know that you have an entire Army family supporting you. We're here for whatever you need, whether it's someone to talk to or help with anything back home. Take care of yourself, soldier.

Stay strong and heal well,

[Your Name]

[Rank and Unit]
