

Tenant dispute over rent increase

Subject: Disagreement with Proposed Rent Increase

Dear [Landlord's Name],

I recently received your notice regarding the proposed rent increase for my unit at [address]. While I value being a tenant in your property, I must express my disagreement with the terms of this increase.

The proposed adjustment is significantly above the average increase for similar properties in this area and does not seem proportionate to changes in market conditions. Additionally, no major improvements or repairs have been made to the property to justify such an increase.

I kindly request reconsideration of this proposal. I am willing to discuss a fair and reasonable adjustment that reflects the current housing market while still maintaining a positive tenant-landlord relationship.

Sincerely,

[Your Name]
