

Auto Loan Denial - Casual

Subject: Update on Your Auto Loan Application

Hi [Customer Name],

Thanks for choosing [Dealership/Lender Name] for your auto financing needs. I wanted to

personally reach out regarding your recent application for financing on the [Year Make Model].

Unfortunately, we weren't able to get your loan approved through our primary lenders. The main issues were your current credit score and some recent late payments showing up on your report.

The good news is that we work with several specialty lenders who focus on helping customers in similar situations. We might be able to find you financing with a higher down payment or co-signer.

Would you like to explore these options?

Give me a call when you get a chance, and we can discuss some alternatives that might work better for your situation.

Best regards,

[Finance Manager Name]
