

Heartfelt Lending Agreement Between Family Members

Subject: Family Loan Agreement

Dear [Relative's Name],

I am lending you the sum of [amount] on [date], with the understanding that this will be repaid by [due date]. While this arrangement is based on trust and family support, I find it important to have this agreement written so we both feel secure.

We have agreed there will be no interest charged. If for any reason you cannot repay on time, please communicate with me openly so we can find a solution.

I trust this agreement strengthens both our financial stability and family bond.

With love,

[Your Name]
