

Emergency Medical Loan Request Letter

Subject: Urgent Loan Request for Medical Emergency

Dear [Lender's Name],

I am reaching out during one of the most challenging times in my life. My [family member/self] has been diagnosed with [condition] and requires immediate medical treatment that our insurance does not fully cover.

The total medical expenses amount to \$[amount], and despite exhausting our savings and exploring other options, we still need \$[loan amount] to proceed with the necessary treatment. Time is of the essence, as delays could significantly impact the prognosis.

I have been a loyal customer for [duration] and have always maintained timely payments on all my accounts. My employment at [Company] provides steady income of \$[amount] monthly, and I am committed to repaying this loan as agreed upon.

I understand this is a significant request, but I am hopeful that you will consider our desperate situation. Any assistance you can provide would mean the world to our family during this difficult time.

With gratitude and hope,

[Your Name]
