

Broadcasting Executive Internal Promotion Application

Subject: Application for Director of Programming Position

Dear [Executive Name],

I am writing to formally express my interest in the Director of Programming position. Having served as Senior Programming Manager for the past four years, I have developed a comprehensive understanding of our network's audience, strategic priorities, and competitive landscape.

During my tenure, I have successfully managed the scheduling and acquisition of content that increased our prime-time viewership by 23% and improved our demographic reach among the 25-54 age group. I led the team that launched our successful weekend programming block, which now generates \$2.3 million in annual advertising revenue. Additionally, I have cultivated strong relationships with content producers, negotiated favorable licensing agreements, and mentored three team members who have advanced to management positions.

As Director of Programming, I would focus on three key priorities: expanding our original content slate to differentiate our network in an increasingly competitive market, leveraging data analytics to optimize our scheduling strategy, and developing innovative cross-platform programming that engages viewers across multiple touchpoints.

My institutional knowledge, proven track record of results, and strategic vision for the future make me well-suited for this leadership role. I am deeply invested in our network's success and would be honored to contribute at this higher level.

I would welcome the opportunity to discuss my qualifications and vision for the department in greater detail.

Respectfully,

[Your Name]

[Current Title]

[Internal Extension]
