

Motivation letter emphasizing research experience and goals

Subject: Motivation Letter – Graduate Program Application

Dear [Admissions Committee],

I am applying to the [Program Name] at [University Name] to further develop my research skills in [Specific Area]. My undergraduate and internship experiences have allowed me to engage deeply with [Relevant Projects], fostering analytical and problem-solving abilities.

I am particularly interested in [Faculty or Research Group] for its innovative work in [Field]. I am confident that this program will provide the ideal platform to pursue my research interests and contribute valuable insights to ongoing projects.

Thank you for considering my application.

Sincerely,

[Your Name]
