

Informal Motivation Letter for Early Career Researcher Position

Subject: Interest in PhD Opportunity in [Field]

Hello [Professor/Dr. Name],

I am excited to apply for the PhD position in [Field] at [University Name]. My recent Master's work on [Topic] sparked my enthusiasm for [Specific Research Area], and I am eager to continue exploring these questions under your guidance.

I enjoy collaborative research and have experience in [Methods/Techniques]. I am particularly drawn to your lab's focus on [Specific Project or Area] and would love to contribute my skills and energy to the team.

Looking forward to discussing this further!

Best,

[Your Name]
