

Funny but Polite Noise Complaint Email

Subject: Can We Turn Down the Volume on the Rock Concert?

Hi [Neighbor's First Name],

I didn't know I was living next door to a live concert hall! While your music taste is great, it's been a little too loud at night lately. My walls are thin enough that I feel like I've learned all the lyrics by heart.

I'd appreciate it if you could lower the volume after 10 PM so I can get some actual sleep.

Thanks for your help in keeping things peaceful around here.

All the best,

[Your Name]
