

Creative and engaging internship application email

Subject: Ready to Bring Energy and Research Skills to Your Legal Team

Dear [Recipient's Name],

Law fascinates me because it's where logic meets people's real lives. That's why I'm thrilled to apply for a Paralegal Internship with [Law Firm/Organization]. I see this as a chance not only to learn the practice but also to contribute my skills in a meaningful way.

At [University/College], I've developed strong research abilities, honed persuasive writing skills, and learned to manage complex projects under tight deadlines. Beyond academics, I bring creativity, problem-solving energy, and a mindset that thrives in team environments.

I'd love to chat about how I could support your firm's daily work while learning from the outstanding professionals on your team. Thank you for considering my application.

All the best,

[Your Name]
