

Pediatric Care Thank You Note

Hi [Nurse Name],

I just had to write to tell you how much your care meant to our family during little Emma's stay in the pediatric ward last month.

You have such a special gift with children! Emma was so scared when we first arrived, but you immediately put her at ease with your gentle approach and that amazing collection of stickers. By the second day, she was actually looking forward to seeing you during rounds.

As parents, watching our child in pain was heartbreaking, but your compassionate care and constant updates helped us feel more confident and less anxious. You went above and beyond in so many ways - from explaining procedures in kid-friendly terms to making sure Emma had her favorite juice box.

Thank you for choosing pediatric nursing. Children and families like ours are so lucky to have someone who truly cares.

With love and appreciation,

The Johnson Family
