

Patient Dismissal for Inappropriate Relationship Boundaries - Official

Subject: Termination of Patient-Physician Relationship

Dear [Patient Name],

I am writing to formally notify you that I am terminating our physician-patient relationship, effective immediately. This decision has been made due to repeated attempts to establish an inappropriate personal relationship that extends beyond the professional boundaries of medical care.

Despite my previous verbal communications regarding the need to maintain professional boundaries, you have continued to [describe behavior: make personal advances, contact me outside of professional channels, make inappropriate comments, etc.]. This creates an untenable situation that compromises my ability to provide you with objective medical care.

Given the circumstances, I am providing you with [15] days to secure alternative medical care.

During this time, I will be available only for genuine medical emergencies. I strongly recommend that you establish care with another physician immediately.

Your medical records will be transferred to your new provider upon receipt of written authorization.

Please contact our office at [Phone Number] to arrange this transfer.

I trust you understand the importance of maintaining professional boundaries in all future medical relationships.

[Physician Name]

[Medical License Number]
