

Storm Damage Claim Report

Subject: Storm Damage Claim - Policy #[Policy Number] - [Date of Storm]

Hello [Insurance Company],

I need to report significant property damage to my home at [Address] caused by the severe storm that hit our area on [Date]. The storm brought [Weather conditions - e.g., "high winds exceeding 70 mph, hail, and torrential rain"].

The damage to my property includes:

- Roof damage with missing shingles and exposed underlayment
- Broken windows on the north side of the house
- Fallen tree that damaged the garage door and dented my car
- Flooding in the basement due to overwhelmed drainage

I have taken immediate action to prevent further damage by covering exposed areas with tarps and pumping water from the basement. Emergency repairs were necessary to maintain the home's habitability.

Several neighbors also experienced similar damage, and local contractors are extremely busy. I have managed to obtain preliminary estimates totaling \$[Amount] for necessary repairs.

Given the extent of regional damage from this storm, I understand there may be delays in processing. However, I would appreciate prompt attention to prevent additional deterioration of my property.

Documentation attached:

- Weather service reports confirming storm intensity
- Photos taken immediately after the storm
- Contractor estimates for repairs
- Receipts for emergency protective measures

Thank you for your assistance during this challenging time.
