

Printing Production Manager Application Letter

Subject: Application for Production Manager - Commercial Printing Division

Dear [Hiring Manager's Name],

I am applying for the Production Manager position at [Printing Company]. With twelve years of experience managing high-volume commercial printing operations, I have consistently delivered quality results while optimizing efficiency and reducing waste.

In my current role at [Current Company], I manage a 24/7 production floor with 45 staff members across three shifts. Key achievements include implementing a lean manufacturing system that reduced material waste by 28%, decreasing turnaround times by 35%, and maintaining a 99.2% on-time delivery rate over the past three years.

My technical expertise spans offset lithography, digital printing, large format production, and finishing operations. I am Six Sigma certified and have extensive experience with workflow automation software including Heidelberg Prinect and EFI Pace.

What distinguishes my approach is my commitment to both quality control and team development. I have successfully trained over 30 press operators and have maintained employee retention rates 40% above industry average through mentorship programs and safety initiatives.

[Company Name]'s investment in cutting-edge equipment and sustainability practices aligns with my professional values. I am confident that my operational expertise and leadership capabilities would make an immediate positive impact on your production goals.

I look forward to discussing how I can contribute to your continued success.

Respectfully,

[Your Name]
