

Deep Emotional Apology Letter for Her

Subject: I Can't Bear to Hurt You

My Love,

The thought that I caused you tears breaks my heart. I never want to be the reason behind your sadness. You are my happiness, my safe place, and my forever love.

I made mistakes, and I acknowledge them fully. I want you to know that I will grow, learn, and become the partner you truly deserve. Please forgive me, because life without your love feels empty.

I love you endlessly, and I promise to show it every single day.

Yours always,

[Your Name]
