

Credit Card Application

Subject: Application for Credit Card

Dear Credit Card Department,

Greetings! I am interested in applying for a credit card with your bank. As a long-standing customer with excellent account history, I believe I would be eligible for your premium credit card services.

I am particularly interested in the [Card Type] due to its rewards program and benefits that align with my spending patterns. My annual income is \$[Amount] and I have a stable employment history.

Please guide me through the application process and let me know what documents are required. I would also appreciate information about annual fees, interest rates, and credit limits.

Thank you for your time and assistance.

Warm regards,

[Your Name]
